| TASTING | <p>This wine comes from a very special spot on earth. The vines are over 50 years old and in its entirety of one hectare are enclosed by a sandstone wall - Clos Catherine. Due to the old age of the vines, we only generate a minimal yield from this vineyard. However, this one has it all. Pure minerality! We sometimes work with 12 hours of maceration, which gives the wine even more structure and backbone. The long yeast storage creates a complex creaminess and elegance. Quite typical Silvaner on the nose with a herbaceous, spicy scent and firm minerality. Very juicy on the palate with a lively acidity and grip.</p> |
