CLASSIFICATION	Cloudy by Nature
CRAFT	Spontaneously fermented, bottled unfiltered with minimal addition of sulphur
TASTING	The Cloudy Rouge is the red counterpart to the Cloudy Blanc and just as juicy and fresh. The two grape varieties Pinot Noir and Dornfelder complement each other perfectly in this wine, resulting in a light red wine with lots of red berry aromas and floral notes on the nose. Spontaneously fermented, slightly sulfurized and bottled unfiltered. The Cloudy Rouge is the ideal summer companion and should be enjoyed slightly chilled. Enjoy!
